Background

Percival arrived in the Dust Road caravan routes 26 years ago after leaving Halvard under circumstances Percival describes differently every time. The first job was hauling for the Caravaners' Compact; the second was the one that stuck. Today Percival works as a herbalist near the Salt Flats and is paid, when paid at all, in trade tokens.

Percival learned the trade from Imogen Quenneville, who still drops by unannounced. The longest-running feud in Percival's life is with Matthias Duskmere, over a matter neither will explain. The person Percival trusts most is Imogen Quenneville.

Current goal: to earn the title of master before turning fifty. Greatest fear: crowds that go quiet all at once.

Personality and speech
